

## User Guide: Brazil (+55)

### Making calls:

#### • Local calls:

Dial 021, then the area code and number

*Example: Calling +55 11 1054 1234 a local number in Sao Paulo, you should dial 021 11 1054 1234*

#### International calls:

1. Dial 00 21 then the number including the country code

*Example: Calling (302) 228 6399, a number in North America, dial 00 21 1 302 228 6399*

*Calling 067415 4940 a number in France, dial 00 21 33 67415 4940*

### Receiving calls:

1. People from the US must dial:

011 55-21-XXXX-XXXX

2. People from other countries must dial their international access code, then 55-21-XXXX-XXXX

*Example:*

*from France 00 55-21-XXXX-XXXX*

*from Singapore 001 55-21-XXXX-XXXX*

### Voice Mail Retrieval:

Please note that all system prompts are in English.

#### • To retrieve messages while in Brazil.

Enter the Phonebook and select "Voicemail Brazil" and press the <Send Key>

Messages will play automatically, starting with the most recent message first. If asked for password, enter 3636.

*Note: the minutes you spend retrieving your messages while in Brazil are billed as national phone calls.*

#### • To retrieve messages while outside of Brazil:

Enter the Phonebook and select "Voicemail Int" and press the <Send Key>.

Wait until the message ends, then enter your phone number without the country code (21-XXXX-XXXX). If asked for password, enter 3636.

*Note: Using the above method to retrieve voicemail messages while roaming internationally will incur normal international roaming charges for a voice call.*
