

User Guide: South Korea (+82)

Making calls:

• Local calls:

Dial the number as locals give them to you.

Example: Calling +82 (0) 1234 5678 a local number in South Korea, you should dial 0 1234 5678

International calls:

- 1. Dial 00300 + country code + area code + phone number

Example: Calling (302) 228 6399, a number in North America, dial 00300 1 302 228 6399

Calling 067415 4940 a number in France, dial 00300 33 67415 4940

Note: International calls made without the 00300 access code will be charged at higher rates.

Receiving calls:

1. People from the US must dial:
011 82-10-XXXX-XXXX
2. People from South Korea must dial 0-10-XXXX-XXXX
3. People from other countries must dial their international access code, then 82-10-XXXX-XXXX

Example:

from France 00 82-10-XXXX-XXXX

from Singapore 001 82-10-XXXX-XXXX

Voice Mail Retrieval:

To retrieve messages while in South Korea.

- Enter the Phonebook and select "Voicemail Korea" and press the <Send Key>

Messages will play automatically, starting with the most recent message first.

Note: the minutes you spend retrieving your messages while in South Korea are billed as national phone calls.

Roaming

Since South Korean phones use a different technology than most countries, it's probable that your cell phone will not work outside of South Korea.

Roaming internationally will incur normal international roaming charges for voice call and data services.
